SUBJECT: FOUR-STROKE

CLASSIFICATIONS IN SNOW DRAG RACING

At the present time, Four-Stroke powered snowmobiles in snow drag racing have been classified into existing snow drag racing classes based upon the performance of each model.

The classification of Four-Stroke in snow drag racing is done by the 4-stroke classification committee made up of the snowmobile manufacturers and ISR representatives.

Any Four-Stroke powered snowmobile that competes in any snow drag racing class must be assigned to that class by the classification committee. If a particular model or model variation is not classified, it is not allowed to compete.

To date, the following Four-Stroke classifications have been assigned.

CLASS	MODEL	ENGINE
500 Stock	Yamaha Phazer 2007-2014	499 cc 4-stroke twin naturally aspirated
